

## The kids will be the winners at the 54th Annual Copper Cannon Auction

New Hampshire's only free summer camp, Copper Cannon

A week of camp can and does make a difference. For some, it will last long after the embers of the last campfire are gone. Those memories of camp can provide the strength to get through difficult times.

*I just wanted to tell you and your staff how much I appreciate the experience you gave Jean-Paul, Andre', and Joey. They were so excited when they left and talked about what they did non-stop (for the entire 2 hour drive). They loved all the activities they did and the challenges they were given. Jean-Paul was so proud of himself for making it to the top of the mountain. They told me about veggie mite and the beaver dams and their sticks. They loved the crafts that they made. They are still singing all the songs they learned. Every day they still tell me something new they did while at camp. They talk about their counselors and how much they liked them. I know this was a bright spot in what has been a somewhat trying summer. Thanks so much for giving them the opportunity to laugh and smile and have a great time. You guys are awesome! Please pass this on to your entire staff!*

We want to give other children the gift of camp.

The founder of Copper Cannon Camp, Hamilton Ford, never forgot the significant impact of his adventures as a young boy at a summer camp. Camp offered him an outdoor experience, new friends, and a retreat from poverty. That life-changing experience eventually led to his founding of Copper Cannon Camp in 1963. From its humble beginnings in an old Franconia ski lodge to its present location on 128 acres bordering the White Mountain National Forest in Bethlehem, Copper Cannon Camp continues to embody Ham Ford's commitment to provide low-income young people with life-enriching camp experiences. Ham would be proud of the impact Copper Cannon Camp continues to have.

Copper Cannon Camp has served over 25,000 young people while consistently offering New Hampshire's low-income youth the opportunity to experience the wonders of living close to nature and in a supportive community. Last summer, the

430 youth who attended Copper Cannon came from every part of the state representing 80 different cities and towns. Teens also participated in one of our three leadership retreats.

The On-Line Auction will begin March 5<sup>th</sup> running through March 8<sup>th</sup>. Donations are pouring in and we will update every Friday.
